Inspired by the infamous NYC neighborhood synonymous with art and style, Soho boasts a modern take on performance and classic design. The collection features a refined palette of nine colors expressed across an ample selection of shapes and mosaics.

Three contemporary interpretations of ceramic, subway-style, wall tile make up the base of this eclectic collection. The 3x6 and 4x12 sizes feature a glossy finish and beveled edge, and an 8x24 makes a statement with its substantial size and glossy finish. A 2x6 bullnose provides the ideal trim edge.

Finding the right color and style is easy with Soho's abundance of mosaic options. Six solid color mosaics are available: 2-inch squares, 1-inch hexagons, 2-inch hexagons, beveled arabesque, picket, and scallop shapes. Unglazed options in 2-inch squares and 2-inch hexagons provide additional versatility.

Mixed color mosaics bring an updated feel to traditional, two-tone hexagon and basketweave configurations, and the tri-color, pattern mosaics add visual interest to any interior space. Each are available in five distinct color blends, meaning there is no shortage of choices when it comes to design.
